Math 502: Combinatorics II
Homework 2 - Due Apr 3

Instructions: For this homework, write up and hand in full solutions to every problem that you did not get full points for on the Midterm Exam, which is now available here:

http://www.mathematicalgemstones.com/maria/502Spring20/midterm.pdf

Scoring: Your percentage score (out of 100) on this homework will be $(A/B) \cdot 100$ where B is the total number of points of the problems you didn't get on the midterm, and A is the total number of points of those questions that you earn via this homework.

Handing in: Since we have moved to an online setting, please either type your solutions or take pictures of your handwritten solutions. Then email them to me at Maria.Gillespie@colostate.edu by April 3.
